

CONSULTING BODY - STAKEHOLDER FORUM

Biosphere Reserve Salzburger Lungau

CEETO - D.T2.2.1

Version 1
12 2018

Content

1. INTRODUCTION	2
2. LIST OF STAKEHOLDERS	3

1. Introduction

The history of the Biosphere Reserve Salzburger Lungau is not very long. At the beginning of the BR several “Forums” were established to work together on different topics regarding the regional development. The initial enthusiasm disappeared as quickly as it arrived and the forums have dissolved. In the past, many things were discussed and only few happened so people became very critical and were very prejudiced about such kind of systems. Anyway, it was possible to bring regional stakeholders in the context of CEETO together again and to establish some kind of forum. An attempt has been made, to select stakeholders from different areas to get a heterogeneous group as possible and thereby as different views and inputs as possible. The selected stakeholders are from

- **Tourism:** Ferienregion Lungau, tourism boards, hotel and accommodation owners, tourism umbrella organisation of the federal state of Salzburg (**S**alzburg **L**and **T**ourismus **G**mbH), Bergbahnen Lungau
- **Agriculture:** district chamber, landlords
- **Nature protection:** representatives of the Department 5 of the Salzburg state government, mountain and nature guard, RespektTiere deine Grenzen
- **Hunting community:** district hunter
- **Regional development:** board and manager of the Regionalverband Lungau, LEADER, Biosphere Reserve Management
- **Politics:** mayors, district governor
- **Economy:** economic chamber
- **Education:** Lungauer educational association
- **Others:** Lungau section of the Austrian Alpine Club, public transport, Heilkraft der Alpen society, E.C.O. - Institute for Ecology

The representatives and their position are listed on the following page.
